ABOUT ME

I am a final-year Computer Science and Engineering student at Jain Institute of Technology, Davanagere, with a strong focus on full-stack web development and a keen interest in AI technologies. My coding skills are well-developed, and I am passionate about exploring the dynamic world of IT. I am excited to leverage my knowledge and skills to contribute to innovative projects and continue learning in this ever-evolving field.

EXPERIENCE

Internship on current trends in technology

Research center Jain institute of technology, davanagere.

Aug 2022 - Aug 2022

During my internship, I gained hands-on experience in MS Office, enhancing my proficiency in Word, Excel, and PowerPoint. I learned the basics of C programming, including writing and debugging code. I also acquired skills in assembling and troubleshooting computer hardware, and gained an understanding of how web technologies work. This internship provided a solid foundation in both software and hardware.

Internship on Full stack development

Nexgate pioneer solutions pvt.ltd, Davanagere.

Oct 2023 - Nov 2023

Proficient in HTML, CSS, JavaScript, and database management, acquired through hands-on learning and practical application during internship. Developed dynamic web applications demonstrating understanding of front-end and back-end technologies, highlighting skills in web development and database integration.
